

Tara Hills Stud

STALLIONS FOR 2010

A World Of Winners

Awaits You

Dear Clients

In 1995 my father and I started Tara Hills Stud as a small independent stallion station. Over the past fifteen years we have grown from a fledgling operation to being a major player in the North American standardbred horse industry. We couldn't have done it without you, our faithful clients and stallion owners, thank you.

The customer is our number one priority. This is why our Loyalty Program is more innovative and user friendly than ever. We will continue to offer all of our stallions at a fair and competitive fee. We are proud of the environment we are able to offer the owners of the stallions that reside at Tara Hills. We invite all of our clients and owners to visit Tara Hills Stud.

In 2010, we are very proud to have Mister Big and Major In Art join our stallion ranks. It has been a great year for all the Tara Hills stallions, with a lot of race success and milestones along the way. We congratulate all the owners

who have purchased progeny by our stallions or have bred to one of our stallions. Your success is our success.

In 2009 the Ontario Mare Residency Program was initiated. This program will financially help all of those that choose to breed in Ontario. Breeders should be sure to remember to register your mares and foals by the deadline, which will be announced at a later date in 2010. Also, our friends in the U.S. and other provinces are still eligible for a piece of the pie, even if your mare does not reside in Ontario. When you choose to breed and board your mare in Ontario, we can offer you a list of reputable boarding facilities.

Going forward, we will continue to have challenges that will need to be addressed if we are going to allow our great sport to flourish. The breeding business has never been easy, however, there have been some positive signs in 2009, with our Canadian and the Harrisburg sales up in median and average. The Ontario sired horses were exceptionally strong at Harrisburg. We

still have the best sire stake program and that relates to the simple fact that you cannot afford not to breed in Ontario.

Lastly, we would like to acknowledge the people who help contribute to our success, our staff at the farm, a very capable, loyal and dedicated team. The brochure: Bruce Brinkerhoff for helping out with our mating suggestions; Marty Adler at On The River for producing the DVD and Dave Landry for the countless hours he spends taking great shots of our horses and farm. A special thank you to Jim Gillies of Lambeth Desktop and his staff for handling all our advertising production work, from print work to website.

We are very proud of what we have become here at Tara Hills. We want to be a part of making your hopes and dreams become a reality. This is why we are committed to making your experience with Tara Hills a pleasant one.

Respectfully yours,

David Heffering
